The Golf Course

Chi Linh Star Golf & Country Club is an international standard Golf and Country Club facility in Chi Linh District, Hai Duong Province, which is in the center of the strategic Economic development and Tourism triangle of the North of Vietnam: Hanoi - Hai Phong - Ha Long Bay. Chi Linh Star Golf & Country Club is an ideal destination for Golfing Tourists. For Golf Tour packages, please contact us

The **Chi Linh Star Golf Course** will feature a 36 hole golfing challenge, with every hole constructed and designed to international standards. **"The Best Place To Play"** begins with nine holes, opened in November 2003, and when completed will leave you with an unforgettable golfing experience.

The site on which the course is being constructed lies within a beautiful valley, surrounded by rolling forest hills, and nestles beside a large lake complete with rolling creeks and natural water flowing from the surrounding area.

A visit to **Chi Linh** will no doubt leave a lasting impression, whether it be for a great round of golf, or simply having made the visit to a truly special place, transformed with care and attention to every detail.

Golf Course Construction and Design

Chi Linh Star Golf course was designed and is also being constructed by a leading Australian company, I.G.C.S. (Independent Golf Course Services) I.G.C.S is well known in the region having previously designed and constructed courses in Australia, Thailand, Indonesia, Philippines and China.

This is the first project for I.G.C.S in VietNam, and **Chi Linh Star Golf Club** is very pleased to have such a company working with us constructing our new course.

Golf course maintenance

Course maintenance equipment has been imported from the U.S manufactured by **"Toro"**, a world leader in the industry, servicing the very best golf courses all over the world today.

There are of course many factors contributing to the successful construction of any golf course, irrigation, drainage, effective and practical design, not to mention experience and knowledge.

Not one of these factors has been overlooked on this project, as it is the company's absolute goal to construct a course that will be of a true international standard not only today, but for many years to come.

Tee areas and fairways

Grass coverage of the tee areas and fairways uses a species currently sourced from Australia. **"Wintergreen Bermuda"** is an extremely strong turf grass type able to withstand severe weather and soil conditions.

Greens

A superior putting surface is of up most importance to the golfer, **Chi Linh Star Golf**

MORE GOLF COURSE IN VIETNAM

has spared no expense by air-freighting the very best turf grass suitable for use on greens in this region. Specifically, the second generation "Tiff Eagle" grass is being used on our greens, providing players with maximum satisfaction.

The materials used for construction of the course are the highest quality and latest technology available today, the majority of which has been imported from the U.S. and Australia.

The Country Clubhouse

Designed by a team of international architects, the clubhouse facilities and services are designed with the most discerning of golfers in mind, setting new standards for our members and their guests.

The clubhouse sits high above the course enabling golfers and non-golfers to view more than fifteen holes, something that not many clubs have been able to achieve due to terrain and landscaping. We, however at **Chi Linh**, have managed to design the facility in such a way that the concept has in fact become a reality.

Clubhouse Food and Beverage

Full bar services will also be available, stocking local and international beers, wine, soft drinks and spirits, served with traditional Vietnamese hospitality, combined with international training and experience.

The international team at work within the company also extends to the clubhouse including the kitchen.

Always bearing the members' and their guests' needs in mind, the cuisine offered in our restaurants at **Chi Linh Star Golf** will reflect the varied nationalities of our patrons, and will include such types of cuisine .

Clubhouse facilities

Member comfort is paramount at **Chi Linh Star Golf**, and the clubhouse is no exception.

Whether you are participating in a professionally organized tournament, having a nice cold drink after a round of golf, attending a banquet with fellow members, or having a relaxing lunch and spending an afternoon with your friends or family, the clubhouse will cater to your every need.

RECORDS:

- With the stars of Asian golf Mr. Thongchai Jaidee, Mr. Charlie Wi ...and the 1995 US OPEN Champain Corey Pavin demonstrating their amazing talents, the Carlsberg Masters 2004 Vietnam had it all.

- We are proud to declare that the Johnnie Walker Classis Asia Series 2005 staged on 26th February 2005 at Vietnams Premier Golf Course "Chi Linh Star Golf & Country Club" has been hugely successful and attracted a strong field of 200 hundred participants
